## **INDEPENDENT AUDITORS' REPORT ON THE FINANCIAL STATEMENTS**

**Board of Levee Commissioners of the  
East Jefferson Levee District  
State of Louisiana  
Harahan, Louisiana**

We have audited the accompanying basic financial statements of the **East Jefferson Levee District**, a component unit of the State of Louisiana, as of and for the year ended June 30, 2006, as listed in the Table of Contents. These basic financial statements are the responsibility of East Jefferson Levee District's management. Our responsibility is to express an opinion on these basic financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the *Louisiana Governmental Audit Guide*. Those standards and the guide require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall basic financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the financial position of the **East Jefferson Levee District**, as of June 30, 2006, and the changes in financial position and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

The accompanying required supplementary information, which consists of the Management's Discussion and Analysis as listed in the Table of Contents is not a required part of the basic financial statements but is supplementary information required by the Government Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplemental information. However, we did not audit the information and express no opinion on it.

In accordance with *Government Auditing Standards*, we have also issued our report dated July 24, 2006, on our consideration of the internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, and contracts. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Our audit was performed for the purpose of forming an opinion on the financial statements that collectively comprise the **East Jefferson Levee District's** basic financial statements. The accompanying supplementary information, such as the Division of Administration Reporting packet, as listed in the table of contents are presented for purpose of additional analysis and are not a required part of the basic financial statements of the **East Jefferson Levee District**. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**STATE OF LOUISIANA  
EAST JEFFERSON LEVEE DISTRICT  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
AS OF JUNE 30, 2006 AND 2005**

**PAGE 3**

The Management's Discussion and Analysis of the East Jefferson Levee District's financial performance presents a narrative overview and analysis of East Jefferson Levee District's financial activities for the year ended June 30, 2006. This document focuses on the current year's activities, resulting changes, and currently known facts in comparison with the prior year's information. Please read this document in conjunction with the East Jefferson Levee District's financial statements, which begin on page 8.

**FINANCIAL HIGHLIGHTS**

- ★ The East Jefferson Levee District's assets exceeded its liabilities at the close of fiscal year 2006 by \$15,960,628 which represents a 4% increase from the last fiscal year. The net assets increased from \$15,322,944 to \$15,960,628 which represents an increase of \$637,684 (or 4%).
- ★ The East Jefferson Levee District's revenue decreased \$887,914 (or 12%) and the net results from activities decreased from \$2,021,337 to \$637,684 which represents a decrease of \$1,383,653 (or 68%).

**OVERVIEW OF THE FINANCIAL STATEMENTS**

The following graphic illustrates the minimum requirements for Special Purpose Governments Engaged in Business-Type Activities established by Governmental Accounting Standards Board Statement 34, *Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments*.

These financial statements consist of three sections - Management's Discussion and Analysis (this section), the basic financial statements (including the notes to the financial statements), and required supplementary information.

**Basic Financial Statements**

The basic financial statements present information for the East Jefferson Levee District as a whole, in a format designed to make the statements easier for the reader to understand. The statements in this section include the Balance Sheets; the Statements of Revenues, Expenses, and Changes in Fund Net Assets; and the Statements of Cash Flows.

The Balance Sheets (page 8) present the current and long term portions of assets and liabilities separately. The difference between total assets and total liabilities is net assets and may provide a useful indicator of whether the financial position of the East Jefferson Levee District is improving or deteriorating.

The Statements of Revenues, Expenses, and Changes in Fund Net Assets (page 9) present information showing how East Jefferson Levee District's assets changed as a result of yearly operations. Regardless of when cash is affected, all changes in net assets are reported when the underlying transactions occur. As a result, there are transactions included that will not affect cash until future fiscal periods.

The Cash Flow Statements (pages 11-12) present information showing how East Jefferson Levee District's cash changed as a result of yearly operations. The cash flow statements are prepared using the direct method and include the reconciliation of operating income (loss) to net cash provided (used) by operating activities (indirect method) as required by GASB 34.

Totals	\$ 5,336	\$ 5,322	\$ 5,279

This year's major additions included (in thousands):

- \* Equipment \$ 347

### Debt

The District has obligations for compensated absences of \$166,599.

## VARIATIONS BETWEEN ORIGINAL AND FINAL BUDGETS

Revenues were approximately \$1.5 million over budget and expenditures were \$230,878 more than budget due in part to more ad valorem tax revenue and investment income and more operating expense than anticipated.

## ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The East Jefferson Levee District's elected and appointed officials considered the following factors and indicators when setting next year's budget, rates, and fees. These factors and indicators include:

- \* Increase in ad valorem taxes
- \* Increase in levee improvement costs

The East Jefferson Levee District expects that next year's results will worsen based on the following:

- \* Increase in costs for hurricane protection levees
- \* Increase in insurance claims payouts

**EAST JEFFERSON LEVEE DISTRICT  
STATE OF LOUISIANA  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2006**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**1.A. INTRODUCTION**

The East Jefferson Levee District was created by Louisiana State Legislature, Act 716 of 1978 effective January 1, 1979, from the territory removed from the Pontchartrain Levee District. The East Jefferson Levee District includes all or portions of the following parishes: Jefferson Parish East at Mississippi River, South of Lake Pontchartrain, bordered by St. Charles Parish. The East Jefferson Levee District primarily provides flood protection for those areas contained in the district. The governing board administers the operations and responsibilities of the levee district in accordance with the provisions of Louisiana statutes. The Board of Commissioners of the East Jefferson Levee District consists of five members, four of which are appointed by the governor. One is appointed by the Jefferson Parish Council.

The accounting and reporting framework and the more significant accounting principles and practices of the East Jefferson Levee District are discussed in subsequent sections of this Note. The remainder of the Notes are organized to provide explanations, including required disclosures, of the East Jefferson Levee District's financial activities for the fiscal year ended June 30, 2006. The East Jefferson Levee District implemented new reporting model standards beginning July 1, 2001. Comparability with reports of all prior years will be affected.

**1.B. FINANCIAL REPORTING ENTITY**

GASB Codification Section 2100, "The Financial Reporting Entity," has defined the governmental reporting entity to be the State of Louisiana. The East Jefferson Levee District is considered a component unit of the State of Louisiana because the state exercises oversight responsibility in that the governor appoints the board members, and public service is rendered within the state's boundaries. The accompanying basic financial statements present information only as to the transactions of the East Jefferson Levee District, a component unit of the State of Louisiana.

Annually the State of Louisiana issues a basic financial statement which includes the activity contained in the accompanying financial statement. The basic financial statement is issued by the Louisiana Division of Administration-Office of Statewide Reporting and Accounting Policy and audited by the Louisiana Legislative Auditor.

**1.C. BASIS OF PRESENTATION**

The accompanying financial statements have been prepared on the full accrual basis in accordance with accounting principles generally accepted in the United States of America as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting principles and reporting standards. These principles are found in the *Codification of Governmental Accounting and Financial Reporting Standards*, published by the GASB. The levee district applies all GASB pronouncements as well as Financial Accounting Standards Board (FASB) statements and interpretations issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements.

**Fund Accounting**

All activities of the levee district are accounted for within a single proprietary fund. Proprietary funds are used to account for operations that are (a) financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the cost of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that the periodic determination of revenues earned and expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, or other purposes.

**EAST JEFFERSON LEVEE DISTRICT  
STATE OF LOUISIANA  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2006**

**1.D. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING**

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

**Measurement Focus**

The proprietary fund utilizes an "economic resources" measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net assets (or cost recovery), financial position, and cash flows. All assets and liabilities (whether current or noncurrent) associated with their activities are reported. Proprietary fund equity is classified as net assets.

**Basis of Accounting**

The financial statements are presented on the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

**1.E. ASSETS, LIABILITIES AND NET ASSETS**

**Cash and Cash Equivalents, and Investments**

For the purpose of the Statement of Cash Flows, cash and cash equivalents includes all demand, money market accounts, and certificates of deposits with an original maturity of 3 months or less.

Investments are carried at fair value except for short-term U.S. Treasury obligations with a remaining maturity at the time of purchase of one year or less. Those investments are reported at amortized cost. Fair value is based on quoted market price.

**Receivables**

Receivables consist of all revenues earned at year-end and not yet received.

**Prepaid Expenses**

Prepaid expenses reflect payments to vendors that benefit future reporting periods and are also reported on the consumption basis.

**Capital Assets and Depreciation**

Proprietary fund fixed assets are accounted for as capital assets. Capital assets purchased or acquired with an original cost of acquisition value of \$5,000 or more are recorded at historical cost, or estimated historical cost if actual is unavailable. Donated fixed assets are recorded at their estimated fair value at the date of donation.

**Infrastructure**

Prior to July 1, 2001, the infrastructure assets of governmental funds were not capitalized. The infrastructure assets are composed of nine floodgates that have been valued at estimated historical cost from information obtained from the U.S. Army Corps of Engineers.

**EAST JEFFERSON LEVEE DISTRICT**  
**STATE OF LOUISIANA**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2006**

The East Jefferson Levee District has both Mississippi River and Tributaries (MR&T) and Hurricane Protection Levees. These levees provide flood protection for most of the land areas contained within the District.

The Division of Administration, State of Louisiana, in a letter dated June 11, 2002, has advised that the East Jefferson Levee District does not provide major and significant improvements or maintenance to the levees that would constitute ownership under Governmental Accounting Standards Board (GASB 34) requirements. Based on guidance from the Division of Administration, the East Jefferson Levee District is required to report only a separate note disclosure of the MR&T and Hurricane Protection Levees in the financial statement. The East Jefferson Levee District mows grass and does minor repairs with its own workforce. Major repairs are normally made by the U.S. Corps of Engineers.

**Depreciation**

Depreciation of all exhaustible fixed assets is recorded as an allocated expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Assets. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

- Buildings	40 years
- Equipment	3-40 years
- Infrastructure	40 years

**Compensated Absences**

Employees of the East Jefferson Levee District earn and accumulate vacation and sick leave at varying rates, depending upon their years of service. The amount of vacation and sick leave that may be accumulated by each employee is unlimited. Upon termination, employees or their heirs are compensated for up to 300 hours of unused vacation leave at the employee's hourly rate of pay at the time of termination. Upon retirement, unused vacation leave in excess of 300 hours plus unused sick leave are used to compute retirement benefits.

The liability for these compensated absences is recorded as long-term debt in the statements. The current portion of this debt is estimated based on historical trends.

**Net Assets**

Net assets may be displayed in three components:

- a. Investment in Capital Assets – Consists of capital assets included restricted capital assets, net of accumulated depreciation.
- b. Restricted Net Assets – Consists of net assets with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted Net Assets – All other net assets that do not meet the definition of "restricted" or "investment in capital assets."

**EAST JEFFERSON LEVEE DISTRICT  
STATE OF LOUISIANA  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2006**

**1.F. REVENUES AND EXPENSES**

***Property Tax***

Article 6, Section 39 of the Louisiana Constitution of 1974 provides that for the purpose of constructing and maintaining levees, levee drainage, flood protection, hurricane flood protection, and all other purposes incidental thereto, the levee district may levy annually a tax not to exceed five mills. If the levee district needs to raise additional funds in excess of the amount collected constitutionally, the taxes in excess of five mills must be approved by a majority vote of the electors.

Ad valorem taxes attach as an enforceable lien on property as of January 1 of each year. Taxes were levied by District in November and billed to the taxpayers in December. Billed taxes become delinquent on January 1, of the following year.

**NOTE 2. - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY**

By its nature as a state agency, the East Jefferson Levee District is subject to various state laws and regulations. An analysis of the East Jefferson Levee District's compliance with significant laws and regulations and demonstration of its stewardship over East Jefferson Levee District resources follows.

**2.A. FUND ACCOUNTING REQUIREMENTS**

The East Jefferson Levee District complies with all state laws and regulations requiring the use of separate funds. The East Jefferson Levee District has no legally required funds.

**2.B. DEPOSITS AND INVESTMENTS LAWS AND REGULATIONS**

In accordance with state law, all uninsured deposits of the East Jefferson Levee District in financial institutions must be secured with acceptable collateral valued at the lower of market or par. Acceptable collateral includes certain U.S. Government or Government Agency securities, certain State of Louisiana or political subdivision debt obligations, or surety bonds. As required by 12 U.S.C.A., Section 1823(e), all financial institutions pledging collateral to the East Jefferson Levee District must have a written collateral agreement approved by the East Jefferson Levee District of directors or loan committee. As reflected in Note 3.A., all deposits were fully insured or collateralized.

Investments are limited by R.S. 33:2955 and the East Jefferson Levee District's investment policy.

**NOTE 3. - DETAIL NOTES ON TRANSACTION CLASSES/ACCOUNTS**

The following notes present detail information to support the amounts reported in the basic financial statements for its various assets, liabilities, equity, revenues, and expenses.

**3.A. DEPOSITS WITH FINANCIAL INSTITUTIONS**

For reporting purposes, deposits with financial institutions include savings, demand deposits, time deposits, and certificates of deposit. The East Jefferson Levee Board may invest in time certificates of deposit in any bank domiciled or having a branch office in the state of Louisiana; in savings accounts or shares of savings and loan associations and savings banks and in share accounts and share certificate accounts or federally or state chartered credit unions.

**EAST JEFFERSON LEVEE DISTRICT  
STATE OF LOUISIANA  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2006**

For the purpose of the Statement of Cash Flows, all highly liquid investments (including restricted assets with a maturity of three months or less when purchased) are considered to be cash equivalents.

Deposits in bank accounts are stated at cost, which approximates market. Under state law these deposits must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These pledged securities are held in the name of the pledging fiscal agent bank in a holding custodial bank in the form of safekeeping receipts.

The deposits at June 30, 2006, consisted of the following:

	<u>Cash</u>	<u>Certificates of Deposit</u>	<u>Money Market</u>	<u>Total</u>
Deposits in Bank Accounts Per Balance Sheet	\$ 5,089,626	\$ 5,533,514	\$ 2,087,491	\$ 12,710,631

Money Market	2,087,491
Certificates of Deposit	<u>346,437</u>
Total Cash	<u>\$ 7,523,654</u>

**Investments**

The East Jefferson Levee District does maintain investment accounts as authorized by LRS 33-2955.

Investments can be exposed to custodial credit risk if the securities underlying the investment uninsured, not registered in the name of the entity, and are either held by the counter party or counter party's trust department or agent but not in the entity's name. Using the following table, list each type of investment disclosing the total carrying amount exposed to custodial credit risk.

GASB Statement 40 amended GASB Statement 3 to eliminate the requirement to disclose all investments by the 3 categories of risk. GASB Statement 40 requires only the separate disclosure of investments that are considered to be exposed to custodial credit risk. The investments reported below are exposed to custodial credit risk and

**EAST JEFFERSON LEVEE DISTRICT  
STATE OF LOUISIANA  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2006**

There are 11.52 miles of MR&T levees that lie within the jurisdiction of the East Jefferson Levee District. These levees were constructed and improved over the past 100 years by both original landowners and Federal and State Governments. The estimated cost of the 11.52 miles of MR&T levees as of June 30, 2006 is \$8,513,000. This estimate is based on information obtained from the New Orleans District of the U.S. Army Corps of Engineers.

The East Jefferson Levee District mows the grass and does minor repairs to 18 miles of Hurricane Protection Levees. These levees were built and improved during the past 35 years. Hurricane Protection Levees provide protection from coastal high tides and storm surges associated with tropical weather systems. The majority of funding for construction was provided by the U.S. Government. The estimated project cost as of June 30, 2006, obtained from the New Orleans District of the U.S. Corps of Engineers, is \$125,948.

With the adjournment of both MR&T and Hurricane Protection Levees, a circle of flood protection is provided for the residents and property of Southeast Louisiana.

### **3.C. LONG-TERM DEBT**

### **NOTE 4. - OTHER NOTES**

#### **4.A. EMPLOYEE PENSION AND OTHER BENEFIT PLANS**

##### **Pension Plan**

Substantially all of the employees of the East Jefferson Levee District are members of the Louisiana State Employees Retirement System ("System"), a multiple-employer, defined benefit public employee retirement system (PERS) controlled and administered by a separate board of trustees.

**EAST JEFFERSON LEVEE DISTRICT  
STATE OF LOUISIANA  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2006**

All full time employees are eligible to participate in the System. Benefits vest with ten years of service. At retirement age, employees are entitled to annual benefits equal to \$300 plus 2.5% of their highest consecutive 36 month average salary multiplied by their years of credited service.

Vested employees may retire at [a] any age with thirty years of service, [b] age 55 with twenty-five years of service, and [c] at age sixty with ten years of service. In addition, vested employees have the option of reduced benefits at any age with twenty years of service. The System also provides death and disability benefits. Benefits are established by state statute. The System issues an annual publicly available financial report that includes financial statements and required supplementary information for the System. That report may be obtained by writing to the Louisiana State Employees' Retirement System; P. O. Box 44213; Baton Rouge, LA 70804 or by calling (800) 256-3000.

Members are required by state statute to contribute 7.5% of gross salary, and the East Jefferson Levee District is required to contribute at an actuarially determined rate as required by R.S. 11:102. The contribution rate for the fiscal year ended June 30, 2006, increased to 19.1% of annual covered payroll from the 17.8% required in fiscal year ended June 30, 2005 and 15.8% in fiscal year ended June 30, 2004. The District's contributions to the System during the fiscal years ended June 30, 2006, 2005, and 2004, were \$337,519, \$301,520, and \$265,637, respectively, equal to the required contribution. Under present statutes, the East Jefferson Levee District does not guarantee any of the benefits granted by the system.

**Postemployment Health Care and Life Insurance Benefits**

The East Jefferson Levee District provides certain continuing health care and life insurance benefits for its retired employees. Substantially all of the East Jefferson Levee District's employees become eligible for these benefits if they reach normal retirement age while working for the East Jefferson Levee District. These benefits for retirees and similar benefits for active employees are provided through commercially obtained insurance, whose monthly premiums are paid solely by the East Jefferson Levee District. The East Jefferson Levee District recognizes the cost of providing these benefits as an expenditure when paid during the year. For the year ended June 30, 2006, the cost of retiree benefits for eleven retirees totaled \$19,267.

**Deferred Compensation Plan**

The Louisiana Public Employees Deferred Compensation Plan (the Plan) was adopted by the Louisiana Deferred Compensation Commission effective September 15, 1982. The plan was established in accordance with Louisiana Revised Statutes 42:1301 through 42:1308 and section 457 of the Internal Revenue Code of 1986, as amended, for the purpose of providing supplemental retirement income to employees by permitting them to defer a portion of compensation to be invested and distributed in accordance with the terms of the plan.

Effective January 1, 1999, the Commission repealed the Plan in its entirety. Prior to January 1, 1999, all deferred compensation, property and rights purchased with deferred compensation and income or earnings attributable to deferred compensation, property or rights shall constitute assets of the State of Louisiana and remain (until made available to a participant or beneficiary) the property of the State of Louisiana, subject only to the claims of the general creditors of the State of Louisiana. Effective January 1, 1999, all compensation deferred under the Plan, all property and rights purchased with such amounts and all income attributable to such amounts, property or rights shall be held for the exclusive benefit of participants and their beneficiaries. The maximum amount of compensation which may be deferred during a calendar year shall not exceed the lesser of 33% of a participant's individual income or \$7,500.

Contributions to the Plan by employees totaled \$32,195 for the year ended June 30, 2006. The East Jefferson Levee District does not contribute to the Plan.

**EAST JEFFERSON LEVEE DISTRICT  
STATE OF LOUISIANA  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2006**

**4.B. JOINT VENTURE**

There exists a joint agreement between the District and the Greater New Orleans Expressway Commission. The agreement was made under the authority of Article VII Section 3 of the Louisiana Constitution, the Local Service Law, and LRS 33:1321; that a political subdivision may exercise and perform any authorized power and function with cooperation with another political subdivision. The agreement is for the Greater New Orleans Expressway Commission to provide police communication services. The agreement was for a primary term equal to thirty-six (36) months beginning April 15, 1999 and terminating on April 1, 2005; a extension was renewed on May 1, 2005 until April 30, 2008. However, either party may terminate this agreement at any time by giving thirty (30) days prior written notice to the other party of its intent to terminate this agreement.

The services provide for an annual fee not to exceed \$49,200 payable by the District in equal monthly installments of \$4,100 from May 1, 2002 until April 30, 2005. The new agreement specifies an annual fee of \$50,676 or \$4,223 per month from May 1, 2005 to April 30, 2006. The District's expenditures for the year ended June 30, 2006 relating to this joint agreement was \$50,930.

**4.C. ESTIMATES**

The preparation of financial statements in conformity with generally accepted accounting principles requires the East Jefferson Levee District's management to make estimates and assumptions that effect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

**4.D. RISK MANAGEMENT**

The East Jefferson Levee District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions, injuries to employees; and natural disasters for which the East Jefferson Levee District purchases commercial insurance.

On February 11, 2006, the Board adopted a resolution to set up a self-insurance vehicle for general liability coverage.

Discussion in the minutes stated that coverage was being reduced from \$5,000,000 to \$1,000,000 and that the premium was going to increase to \$660,000 with a deductible per occurrence of \$100,000. After much discussion, the Board decided to establish a self-insurance program with a third party administrator to oversee the program. No specifics were discussed as to how the program was to be established. Since the general liability terminated on February 1, 2006, the District is considered self-insured for general liabilities. However, the District could still continue to seek coverage.

On March 14, 2006, the Board adopted a resolution requesting proposals from Third Party Administrators to administer and adjust any general liability claims brought against the District which were not covered by other insurance.

Another resolution authorized the interim Board President, in accordance with the Administration Committee, to enter into a short-term contract to administer and adjust any general liability claims brought against the District.

On April 11, 2006, the Board entered into a short-term contract with Creative Risk Controls to be the self-insurance administrator. Under this agreement, Creative Risk Controls would set-up an account with a one time charge of \$1,000. As of July 24, 2006, no payment has been made to Creative Risk Controls.

**4.E. COMMITMENTS AND CONTINGENCIES**

**Contingencies**

**Litigation**

The East Jefferson Levee District is a defendant in lawsuits involving the District's right-of-ways and civil damages. The District's legal counsel has reviewed all claims and lawsuits in order to evaluate the likelihood of an unfavorable outcome to the District. The legal counsel is of the opinion that liability from suits is questionable or insurance coverage appears adequate and that no significant monetary liability is contemplated at this time or it is too early to render an opinion regarding suits. The liability amount, if any, cannot be reasonably estimated at this time.

**4.F. COMPENSATION PAID TO BOARD MEMBERS**

The schedule of per diem payments to Board Members is presented in compliance with House Concurrent Resolution No. 54 of the 1979 Session of the Louisiana Legislature. As authorized by Louisiana Revised Statute 38:308, each member of the Board shall be reimbursed when actually in attendance at a board meeting or when required to travel for the official authorized business of the board, and such reimbursement shall not exceed \$75.00 per meeting and not to exceed 36 meetings per year (\$2,700), plus actual expenses.

The Board President is paid a monthly salary of \$1,000 in lieu of per diem during his term in office, as authorized by R.S. 38:308.

<u>Board Member</u>	<u>Salary</u>	<u>Amount</u>

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE  
AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS  
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

**Board Members of  
East Jefferson Levee District  
State of Louisiana  
Harahan, Louisiana**

We have audited the basic financial statements of the **East Jefferson Levee District**, a component unit of the State of Louisiana, as of and for the year ended June 30, 2006, and have issued our report thereon dated July 24, 2006. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the *Louisiana Governmental Audit Guide*.

***Compliance and Other Matters***

As part of obtaining reasonable assurance about whether the **East Jefferson Levee District's** basic financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and the *Louisiana Governmental Audit Guide*.

***Internal Control Over Financial Reporting***

In planning and performing our audit, we considered the **East Jefferson Levee District's** internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the basic financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the basic financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

This report is intended for the information and use of the **East Jefferson Levee District** and its management. By provisions of state law, this report is a public document, and it has been distributed to appropriate officials.

## **INTRODUCTION**

The East Jefferson Levee District was created by the Louisiana State Legislature under the provisions of Louisiana Revised Statute Act 716 of 1978. The following is a brief description of the operations of East Jefferson Levee District which includes the parish/parishes in which the East Jefferson Levee District is located:

### **A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

#### **1. BASIS OF ACCOUNTING**

In April of 1984, the Financial Accounting Foundation established the Governmental Accounting Standards Board (GASB) to promulgate generally accepted accounting principles and reporting standards with respect to activities and transactions of state and local governmental entities. The GASB has issued a Codification of Governmental Accounting and Financial Reporting Standards (GASB Codification). This codification and subsequent GASB pronouncements are recognized as generally accepted accounting principles for state and local governments. The accompanying financial statements have been prepared in accordance with such principles.

The accompanying financial statements of East Jefferson Levee District (District) present information only as to the transactions of the programs of the District as authorized by Louisiana statutes and administrative regulations.

Basis of accounting refers to when revenues and expenses are recognized and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The accounts of the District are maintained in accordance with applicable statutory provisions and the regulations of the Division of Administration – Office of Statewide Reporting and Accounting Policy as follows:

##### Revenue Recognition

Revenues are recognized using the full accrual basis of accounting; therefore, revenues are recognized in the accounting period in which they are earned and become measurable.

##### Expense Recognition

Expenses are recognized on the accrual basis; therefore, expenses, including salaries, are recognized in the period incurred, if measurable.

### **B. BUDGETARY ACCOUNTING**

The appropriations made for the operations of the various programs of the East Jefferson Levee District are annual lapsing appropriations.

1. The budgetary process is an annual appropriation valid for one year.
2. The agency is prohibited by statute from over expending the categories established in the budget.
3. Budget revisions are granted by the Joint Legislative Budget Committee, a committee of the Louisiana Legislature. Interim emergency appropriations may be granted by the Interim Emergency Board.
4. The budgetary information included in the financial statements include the original appropriation plus subsequent amendments as follows:

**C. DEPOSITS WITH FINANCIAL INSTITUTIONS AND INVESTMENTS**

**1. DEPOSITS WITH FINANCIAL INSTITUTIONS**

For reporting purposes, deposits with financial institutions include savings, demand deposits, time deposits, and certificates of deposit. Under state law the East Jefferson Levee District may deposit funds within a fiscal agent bank selected and designated by the Interim Emergency Board. Further, the District may invest in time certificates of deposit of state banks organized under the laws of Louisiana, national banks having their principal office in the state of Louisiana, in savings accounts or shares of savings and loan associations and savings banks and in share accounts and share certificate accounts of federally or state chartered credit unions.

For the purpose of the Statement of Cash Flows, all highly liquid investments, including restricted assets, with a maturity of three months or less when purchased are considered to be cash equivalents.

Deposits in bank accounts are stated at cost, which approximates market. Under state law these deposits must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These pledged securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank in the form of safekeeping receipts held by the State Treasurer.

GASB Statement 40 amended GASB Statement 3 to eliminate the requirement to disclose all deposits by the 3 categories of risk. GASB Statement 40 requires only the disclosure of deposits that are considered to be exposed to custodial credit risk. An entity's deposits are exposed to custodial credit risk if the deposit balances are either 1) uninsured and uncollateralized, 2) uninsured and collateralized with securities held by the pledging financial institution, or 3) uninsured and collateralized with securities held by the pledging financial institution's trust department or agent, but not in the entity's name.

**2. INVESTMENTS**

The East Jefferson Levee District does maintain investment accounts as authorized by LRS 49-327 B.

**Custodial Credit Risk**

Investments can be exposed to custodial credit risk if the securities underlying the investment uninsured, not registered in the name of the entity, and are either held by the counterparty or counterparty's trust department or agent but not in the entity's name. Using the following table, list each type of investment disclosing the total carrying amounts and market values, and any amounts exposed to custodial credit risk.

**PAGE 17**

**As of and for the years ended June 30, 2006 and 2005**

**GASB Statement 40 amended GASB Statement 3 to eliminate the requirement to disclose all investments by the 3 categories of risk. GASB Statement 40 requires only the separate disclosure of investments that are considered to be exposed to custodial credit risk. Those investments exposed to custodial credit risk are reported by type in one of two separate columns depending upon whether they are held by a counterparty, or held by a counterparty's trust department or agent not in the entity's name. In addition, the total reported amount and fair value columns still must be reported for total investments regardless of exposure to custodial credit risk.**

**D. CAPITAL ASSETS – INCLUDING CAPITAL LEASES ASSETS**

The fixed assets used in the Special Purpose Government Engaged only in Business-Type Activities are included on the balance sheet of the entity and are capitalized at cost. Depreciation of all exhaustible fixed assets used by the entity are charged as an expense against operations. Accumulated depreciation is reported on the balance sheet. Depreciation for financial reporting purposes is computed by the straight-line method over the useful lives of the assets.

**F. RESTRICTED ASSETS N/A**

Restricted assets in the East Jefferson Levee District at June 30, 2004 (fiscal year end), reflected at \$\_\_\_\_\_ in the non-current assets section on Statement A, consist of \$\_\_\_\_\_ in cash with fiscal agent, \$\_\_\_\_\_ in receivables, and \$\_\_\_\_\_ investment in \_\_\_\_\_ (identify the type investments held.) State the purpose of the restrictions:\_\_\_\_\_.

**G. LEAVE**

**1. COMPENSATED ABSENCES**

The East Jefferson Levee District has the following policy on annual and sick leave:

Employees earn and accumulate annual and sick leave at various rates depending on their years of service. The amount of annual and sick leave that may be accumulated by each employee is unlimited. Upon termination, employees or their heirs are compensated for up to 300 hours of unused annual leave at the employee's hourly rate of pay at the time of termination. Upon retirement, unused annual leave in excess of 300 hours plus unused sick leave is used to compute retirement benefits.

The cost of leave privileges, computed in accordance with GASB Codification Section C60, is recognized as a current year expenditure in the fund when leave is actually taken; it is recognized in the enterprise funds when the leave is earned. The cost of leave privileges applicable to general government operations not requiring current resources that is recorded as a non-current liability at June 30, 2006 and 2005 is \$166,599 and \$162,314, respectively.

**2. COMPENSATORY LEAVE N/A**

Employees who are considered having non-exempt status according to the guidelines contained in the Fair Labor Standards Act may be paid for compensatory leave earned (K-time). Upon termination or transfer, an employee will be paid for any time and one-half compensatory leave earned and may or may not be paid for any straight hour-for-hour compensatory leave earned. Compensation paid will be based on the employees' hourly rate of pay at termination or transfer. The liability for accrued payable compensatory leave at June 30, 2006 (fiscal close) computed in accordance with the Codification of Governmental Accounting and Financial Reporting Standards, Section C60.105 is estimated to be \$\_\_\_\_\_. The leave payable is recorded in the accompanying financial statements.

**H. RETIREMENT SYSTEM**

Substantially all of the employees of the East Jefferson Levee District are members of the Louisiana State Employees Retirement System (LASERS), a single employer defined benefit pension plan. The System is a statewide public employee retirement system (PERS) for the benefit of state employees, which is administered and controlled by a separate board of trustees.

All full-time District employees are eligible to participate in the System unless they elect to continue as a contributing member in any other retirement system for which they remain eligible for membership. Certain elected officials and officials appointed by the governor may, at their option, become members of LASERS. Normal benefits vest with 10 years of service. Generally, retirement age employees are entitled to annual benefits equal to \$300 plus 2.5% of their highest consecutive 36 months' average salary multiplied by their years of credited service except for members eligible to begin participation in the Defined Benefit Plan (DBP) on or after July 1, 2006. Act 75 of the 2005 Regular Session changes retirement eligibility and final average compensation for members who are eligible to begin participation in the DBP beginning July 1, 2006. Retirement eligibility for these members is limited to age 60, or thereafter, upon attainment of ten years or creditable service. Final average compensation will be based on the member's average annual earned compensation of the highest 60 consecutive months of employment.

**STATE OF LOUISIANA  
EAST JEFFERSON LEVEE DISTRICT  
Notes to the Financial Statements  
As of and for the years ended June 30, 2006 and 2005**

**PAGE 26**

Vested employees eligible to begin participation in the DBP before July 1, 2006, are entitled to a retirement benefit, payable monthly for life at (a) any age with 30 years of service, (b) age 55 with 25 years of service, or (c) age 60 with 10 years of service. In addition, vested employees have the option of reduced benefits at any age with 20 years of service. Those hired on or after July 1, 2006 have only a single age option. They cannot retire until age 60 with a minimum of 10 years of service. The System also provides death and disability benefits and deferred benefit options, qualifications and amounts defined by statute.

Benefits are established or amended by state statute. The System issues a publicly available annual financial report that includes financial statements and required supplementary information for the System. For a full description of the LASERS defined benefit plan, please refer to the LASERS 2005 Financial Statements, specifically, footnotes A – Plan Description and C – Contributions. That report may be obtained by writing to the Louisiana State Employees Retirement System, Post Office Box 44213, Baton Rouge, Louisiana 70804-4213, or by calling (225) 922-0608 or (800) 256-3000. The footnotes to the Financial Statements contain additional details and is also available on-line at: <http://www.lasers.state.la.us/PDFs/Publications and Reports/Fiscal Documents/Comprehensive Financial/Reports/Comprehensive 20 Financial Reports 05.pdf>.

Members are required by state statute to contribute with the single largest group ("regular members") contributing 7.5% of gross salary, and the District is required to contribute at an actuarially determined rate as required by R.S. 11:102. The contribution rate for the fiscal year ended June 30, 2006, increased to 19.1% of annual covered payroll from the 17.8% and 15.8% required in fiscal years ended June 30, 2005 and 2004, respectively. The District contributions to the System for the years ending June 30, 2006, 2005, and 2004, were \$337,519, \$301,520, and \$265,663, respectively, equal to the required contributions for each year.

**I. POST RETIREMENT HEALTH CARE AND LIFE INSURANCE BENEFITS**

GASB 12 requires the following disclosures about an employer's accounting for post retirement health care and life insurance benefits:

1. A description of the benefits provided and the employee group covered.
2. A description of the accounting and funding policies followed for those benefits.
3. The cost of those benefits recognized for the period.
4. The effect of significant matters affecting the comparability of the costs recognized for all periods presented.

The East Jefferson Levee District provides certain continuing health care and life insurance benefits for its retired employees. Substantially all District employees become eligible for post employment health care and life insurance benefits if they reach normal retirement age while working for the District. These benefits for retirees and similar benefits for active employees are provided through an insurance company whose premiums are paid jointly by the employee and by the District. The cost of providing those benefits for the eleven retirees totaled \$5,589 for the year ended June 30, 2006 and for ten retirees totaled \$15,211 for the year ended June 30, 2005.

**3. LESSOR DIRECT FINANCING LEASES N/A**

A lease is classified as a direct financing lease (1) when any one of the four capitalization criteria used to define a capital lease for the lessee is met and (2) when both the following criteria are satisfied:

- Collectibility of the minimum lease payments is reasonably predictable.
- No important uncertainties surround the amount of the unreimbursable costs yet to be incurred by the lessor under the lease.

Provide a general description of the direct financing agreement, and complete the chart below:

<u>Composition of lease</u>	<u>Date of lease</u>	<u>Minimum lease payment receivable</u>	<u>Remaining interest to end of lease</u>	<u>Remaining principal to end of lease</u>
a. Office space	_____	\$ _____	\$ _____	\$ _____
b. Equipment	_____	_____	_____	_____

Minimum lease payment receivable		_____ -		
Less allowance for doubtful accounts		_____		
Net minimum lease payments receivable		_____ -		
Less estimated residual value of leased property		_____		
Less unearned income		_____

Minimum lease payments do not include contingent rentals which may be received as stipulated in the lease contracts. Contingent rental payments occur if, for example, the use of the equipment, land, or building etc., exceeds a certain level of activity each year. Contingent rentals received for fiscal year 2005 were \$ \_\_\_\_\_ for office space, \$ \_\_\_\_\_ for equipment, and \$ \_\_\_\_\_ for land.

**4. LESSOR – OPERATING LEASE N/A**

When a lease agreement does not satisfy at least one of the four criteria (common to both lessee and lessor accounting), and both of the criteria for a lessor (collectibility and no uncertain reimbursable costs), the lease is classified as an operating lease. In an operating lease, there is no simulated sale and the lessor simply records rent revenues as they become measurable and available.

Provide the cost and carrying amount, if different, of property on lease or held for lease organized by major class of property and the amount of accumulated depreciation as of June 30, 2006:

P. DEFEASED ISSUES N/A

In \_\_\_\_\_, 20\_\_\_\_, the \_\_\_\_\_(BTA), issued \$\_\_\_\_\_ of taxable bonds. The purpose of the issue was to provide monies to advance refund portions of \_\_\_\_\_ bonds. In order to refund the bonds, portions of the proceeds of the new issue \$\_\_\_\_\_, plus an additional \$\_\_\_\_\_ of sinking fund monies together with certain other funds and/or securities, were deposited and held in an escrow fund created pursuant to an escrow deposit agreement dated \_\_\_\_\_ between the (BTA) and the escrow trustee. The amount in the escrow, together with interest earnings, will be used to pay the principal, redemption premium, and interest when due. The refunding resulted in reducing the total debt service payments by almost \$\_\_\_\_\_ and gave the (BTA) an economic gain (difference between the present values of the debt service payments on the old and new debt ) of \$\_\_\_\_\_.

Q. COOPERATIVE ENDEAVORS N/A

LRS 33:9022 defines cooperative endeavors as any form of economic development assistance between and among the state of Louisiana, its local governmental subdivisions, political corporations, public benefit corporations, the United States government or its agencies, or any public or private association, corporation, or individual. The term cooperative endeavor includes cooperative financing, cooperative development, or any form of cooperative economic development activity. The state of Louisiana has entered into cooperative endeavor agreements with certain entities aimed at developing the economy of the state.

Some cooperative endeavor contracts are not coded with a document type of "COP" on the Contract Financial Management Subsystem (CFMS), but are considered cooperative endeavors. Include these below with your cooperative endeavor contracts coded with a document type of "COP". Examples of contracts that are considered cooperative endeavors, but are not coded with a document type of "COP" include contracts that fall under delegated authority, Facility Planning and Control "CEA" contracts, certain federal government contracts, contracts that legislative auditors may have designated as such within your agency, work incumbent programs, etc. In prior years, this information was requested as supplemental documentation after the AFRs were submitted, usually in October or November.

W. SUBSEQUENT EVENTS N/A

[Disclose any material event(s) affecting the (BTA) occurring between the close of the fiscal period and issuance of the financial statement.]

X. SEGMENT INFORMATION N/A

Governments that report enterprise funds or that use enterprise fund accounting and reporting standards to report their activities are required to present segment information for those activities in the notes to the financial statements. For purposes of this disclosure, a segment is an identifiable activity (or group of activities), reported as or within an enterprise fund or an other stand-alone entity that has one or more bonds or other debt instruments outstanding, with a revenue stream pledged in support of that debt. In addition, the activity's revenues, expenses, gains and losses, assets, and liabilities are required to be accounted for separately. This requirement for separate accounting applies if imposed by an external party, such as accounting and reporting requirements set forth in bond indentures. Disclosure requirements for each segment should be met by identifying the types of goods and services provided and by presenting condensed financial statements in the notes, including the elements in A through C below (GASB 34, paragraph 122, as modified by GASB 37, paragraph 17.)

Type of goods or services provided by the segment

A. Condensed balance sheet:

- (1) Total assets – distinguishing between current assets, capital assets, and other assets. Amounts receivable from other funds or BTA's should be reported separately.
- (2) Total liabilities – distinguishing between current and long-term amounts. Amounts payable to other funds or BTA's should be reported separately.
- (3) Total net assets – distinguishing among restricted (separately reporting expendable and nonexpendable components); unrestricted; and amounts invested in capital assets, net of related debt.

**CC. IMPAIRMENT OF CAPITAL ASSETS N/A**

GASB 42 establishes accounting and financial reporting standards for the impairment of capital assets. Governments are required to evaluate prominent events or changes in circumstances affecting capital assets to determine whether impairment has occurred. A capital asset generally should be considered impaired if both (a) the decline in service utility of the capital asset is large in magnitude and (b) the event or change in circumstance is outside the normal life cycle of the capital asset.

The following capital assets are considered impaired:

	Amount of Impairment	Indication of Impairment	Insurance Recovery in the same FY	Reason for Impairment (e.g. hurricane)
Type of asset	Loss			
Buildings				
Movable Property				
Infrastructure				

The carrying amount of impaired capital assets that are idle at year-end should be disclosed, regardless of whether the impairment is considered permanent or temporary. The following capital assets were idle at the end of the fiscal year.

Type of asset	Carrying Value
Buildings	\$
Movable Property	\$
Infrastructure	\$

**DD. EMPLOYEE TERMINATION BENEFITS N/A**

Termination benefits are benefits, other than salaries and wages that are provided by employers as settlement for involuntary terminations initiated by management, or as an incentive for voluntary terminations initiated by employees. Involuntary termination benefits include benefits such as payment for unused leave balances. Voluntary termination benefits include benefits such as enhanced early retirement options resulting from an approved early retirement plan and payment for unused leave balances. Other termination benefits may include:

**STATE OF LOUISIANA

Notes to the Financial Statements

**PAGE 41**

1. Early retirement incentives, such as cash payments, enhancement to defined benefit formula
2. Health care coverage when none would otherwise be provided (COBRA)
3. Compensated absences, including payments for leave balances
4. Payments due to early release from employment contracts

GASB 47 requires the following disclosures about an employer's accounting for employee termination benefits.

1. A description of the termination benefit arrangement(s)
2. Period the employer becomes obligated
3. Number of employees affected
4. Cost of termination benefits
5. Type of benefit(s) provided
6. The period of time over which the benefits are expected to be provided
7. If the termination benefit affects the defined benefit pension (OPEB) obligations, disclose the change in the actuarial accrued liability for the pension or OPEB plan attributable to the termination benefit
8. When termination liabilities are reported, disclose the significant methods and assumptions used to determine the liabilities to be disclosed (for as long as the liability is reported)

**The GASB 47 note disclosures listed below are provided as an example and should be modified as necessary.**

Substantially all employees are eligible for termination benefits upon separation from the state. The agency recognizes the cost of providing these benefits as expenditures when paid during the year. For 2006, the cost of providing those benefits for \_\_\_\_\_ (number of) voluntary terminations totaled \$ \_\_\_\_\_. For 2006, the cost of providing those benefits for \_\_\_\_\_ (number of) involuntary terminations totaled \$ \_\_\_\_\_. [The termination benefits (voluntary and involuntary) paid in FY 2006 should also be included in the Statement of Revenues, Expenses, and Changes in Fund Net Assets on the account line "Administrative" in the Operating Expense Section.]

The liability for the accrued voluntary terminations benefits payable at June 30, \_\_\_\_\_ is \$ \_\_\_\_\_. This liability consists of \_\_\_\_\_ (number of) voluntary terminations. The liability for the accrued involuntary terminations benefits payable at June 30, \_\_\_\_\_ is \$ \_\_\_\_\_. This liability consists of \_\_\_\_\_ (number of) involuntary terminations.

[The termination benefits (voluntary and involuntary) payable at fiscal year end should also be included on the Balance Sheet in the "compensated absences payable" account line.]

If a termination benefit is not recognized because the expected benefits are not estimable, the employer should disclose that fact. Briefly describe termination benefits provided to employees as discussed above. If none, please state that fact.

---

---

---

A terminated employee can continue to access health benefits, however, if the COBRA participant is paying the ENTIRE premium then there is no state contribution on behalf of this individual. Therefore, when a terminated employee pays 100% of the premium, the state would not have a termination liability.
